

Campus Safety Bulletin

January 2016

IN THIS ISSUE:

“START TO LIVESAFE ON
CAMPUS TODAY”

**CAMPUS
EMERGENCIES
CALL “2911”
(336) 750-2911**

As part of our commitment to campus safety, the Police & Public Safety Department has launched LiveSafe, a mobile safety application. Students, faculty, staff, and visitors now have on-the-go way access to Campus Police and other safety resources.

LiveSafe is a free mobile application for Apple and Android mobile devices that allows the campus community to communicate quickly and effectively with Campus Police. Through the app, users can directly access campus and/or local emergency services, share their location with friends, and submit tips about potential campus safety issues anonymously to campus police.

Two key features of the app are Safe Walk and Report Tips.

Safe Walk

- **Go Safe:** Users can ask friends or family to virtually walk them to a destination or request a Ram Express shuttle ride.

Report Tips

- **Report Tips:** Users can submit tips and information quickly and discreetly on suspicious activity, mental health concerns, and sexual assault. Tip submitters may choose to submit anonymously and can add a picture or video.

Other features of the app include:

- **Emergency Options:** Quickly contact both WSSU campus police and city police.
- **Safety Map:** View a map that displays crime data and safety locations.
- **Emergency Procedures:** Access essential safety resources and information

LiveSafe, which is used on campuses around the country, enables increased safety through a two-way channel of communication between the campus community and safety officials.

Start to live safe on campus by downloading the app TODAY:

- Click the following links for your respective mobile device: Apple or Android –or– search “LiveSafe” in the App Store or Google Play Store.
- Select “Winston-Salem State University” from the list of schools.
- Fill-in your name and contact info.

For more information on the LiveSafe App, visit www.wssu.edu/campuspolice.

Don't delay. Download the app today.
